NO. 01 · KHICHSELFIE.COM

LONG AFTER THE MUSIC FADES.

A celebration lasts a day.
The photographs last a lifetime.

Years from now, it won't be the seating plan that brings
you back. It won't be the flowers. Or the menu.

It will be the people.
The laughter.
The conversations.
The moments you didn't realise mattered until they
became memories.

KHICH SELFIE · EDITORIAL

Photographs worth keeping.

CHAPTER ONE

WHAT WE REMEMBER.

The most meaningful moments are rarely planned. A grandmother laughing with her grandchildren. Friends reunited on the dance floor. A quiet conversation between generations. The embrace after a speech.

These moments happen in seconds.

Their value lasts forever.

“

*The moments we treasure most are
often the ones we never planned for.*

KHICH SELFIE

THE PEOPLE MAKE THE CELEBRATION.

Every celebration has its own energy. Its own atmosphere. Its own personality. The best celebrations bring people together.

Our role is simple. To help preserve the moments that make them unforgettable.

KHICH SELFIE · MOMENTS

Because every celebration deserves to be remembered beautifully.

DESIGNED FOR YOU.

No two celebrations should ever feel the same. Every event tells a different story. The details should reflect that.

From bespoke welcome screens and custom print designs to guest books and event signage, every element is thoughtfully designed around your celebration.

YOURS. NOT OURS.

Because personalisation isn't
an extra. It's what makes a
celebration feel truly yours.

Every detail is considered to reflect your
story, your guests and your celebration.

THE COLLECTIONS.

Four experiences. One philosophy. Each designed
around the people in the room, never the equipment.
